Membership Application Form The Coastwatchers Association Inc.

The Coastwatchers Association Inc.
Eurobodalla's Environment Group
Helping to Protect Your Eurobodalla Coast

The Coastwatchers Association

is a community organisation that has served the Eurobodalla region of the South Coast of NSW for over 30 years.

The Association is the leading independent environmental watchdog for the region, acting in close co-operation with the wider community, the environment movement, the Eurobodalla Shire Council and the NSW State Government.

The Association aims to help protect the environmental health and beauty of this very special NSW South Coast region.

The Association aims to raise awareness in the community of environmental and climate change issues.

Over the past 30 years, the Association has been involved in many major and minor environmental issues on the NSW South Coast. It has been a leader for the community for these causes and a frontline defender of the local environment. The issues it addresses are extensive and range throughout the Shire. Some are generic and others relate to specific locations.

General issues have included:

- Local Government planning issues, such as Local Environment Plans, Development Control Plans and Development Applications
- Rural Lands Studies
- Heritage Studies
- Providing representatives on River, Catchment and Estuary management committees
- Tree Protection and Land Clearing
- Global Warming and Sea Level Change
- Seeking sensible constraints on forestry practices
- Koala Studies
- Jet Ski Usage
- The Management of Nature Reserves and National Parks in the Eurobodalla Shire
- The development and dedication of the Eurobodalla National Park
- Bushfire prevention
- Management of the Shire's Community Lands

Southern Issues have included:

- Brou Landfill
- Dargues Gold Reef Mine 2010 and 2015
- Stopping the Shooting Range at Gulaga (Mt Dromedary)
- Huntfest
- Lawlers Creek Dam

Northern Issues have Included:

- Stopping the proposed Mogo Charcoal plant
- Bangalay Sand Forest Protection and Biodiversity
- North Head Moruya/Airport/ Bengello
- Planning and Construction of major roads such as the Surf Beach Bypass
- Batemans Bay Dredging
- Policies for submerged Lands and Erosion
- Major Resort Developments
- Murramarang Crown Land Extension
- Preservation of the Cullendulla Wetlands
