

## **An exciting opportunity to help end plastic pollution**

Are you interested in seeing plastic waste reduced?

We are looking for volunteers to help launch a major initiative in Moruya to try and end the use of plastic bags in shops.

The "BYO Bag" project has a real chance of making an impact because it is being driven by the Moruya business community, keen to use the opportunity of Woolworths ending single use plastic bag issue on 20 June. The Moruya Business Chamber is co-ordinating the project.

We need volunteers to help in an education effort to help shoppers make the transition to BYO Bag.

You will join other like-minded people staffing a stall at Woolworths in Moruya.

With at least one other person on the information stall you will:

- Talk to consumers about the BYO Bag Moruya campaign;
- Help consumers with suggestions on how to best "BYO Bag"
- Give away free multi use bags and information brochures.

Dates & Times: The stall will run for two weeks, from Monday 25 June to Saturday 7 July. Shifts will be 2 hours between 9am to 5pm.

If you are able to assist then please come to a meeting to discuss the campaign & stalls, to be held at Moruya Books in Church St **Friday 15 June at 2.30pm.**

If unable to attend phone Janice Sagar 4474 2242 for information.
