This map provides a summary of activities permitted and restrictions that apply. Refer to the Marine Estate Management (Management Rules) Regulation 1999 for full details.

Note: All other relevant legislation continues to apply in addition to the management rules.

✓ Activity is permitted in the zone.

✗ Activity is not permitted in the zone.

P Marine parks permit required.

1 Seasonal fishing restrictions and/or bait collecting restrictions apply in some zones.

2 Recreational hand haul prawn nets are allowed in recreational fishing havens but not in other habitat protection zones.

3 Haul netting is permitted on specific beaches only - see list below.

4 Not in estuaries.

5 Collecting invertebrates by hand picking prohibited in some habitat protection zones including commercial abalone collection.

6 Limited to less than 10 kg per person per day.

7 Limited to less than 20 litres per person per day.

8 Not over seagrass.

9 No trapping allowed in Wagonga Inlet (except bait trap).

Bait collection is allowed in general use zones and most habitat protection zones in accordance with the *Fisheries Management Act 1994*.

Only species listed in Table 1 of the Batemans Marine Park user guide may be collected in habitat protection zones.

Handpicking of invertebrates (e.g. shellfish, urchins, abalone, lobsters etc) is not permitted in the following habitat protection zones: Meringo-Mullimburra Point; Black Bream Point; Clarks Bay; Freshwater Bay; Wagonga Head; Handkerchief Beach.

Unoccupied shells and shell grit may be collected from habitat protection and general use zones (that are not within national parks, nature reserves and Aboriginal areas) for non-commercial purposes. Collection of more than 10 kg requires a permit.

Collection of more than 20 litres (person/day) of seaweed from beaches requires a permit.

Beach haul netting is allowed in general use zones and only at the following beaches within habitat protection zones: Maloneys Beach; Long Beach; Wimbie Beach; Rosedale Beach; Barlings Beach; Shark Bay Beach; beaches between Meringo Lake and Mullimburra Point; Tuross Beach.

No fishing in the Shallow Crossing Habitat Protection Zone (upper Clyde River) between 1 May and 30 November each year.

* The Montague Island (Inner) Habitat Protection Zone is restricted between 1 November and 30 April each year to protect greynurse sharks: No fishing with bait: No fishing at anchor; No fishing with wire trace line; No nets (landing nets are allowed).

The Meringo-Mullimburra Point Habitat Protection Zone and Wagonga Head Habitat Protection Zone (Restricted) prohibit the recreational and commercial collection of invertebrates by hand (including lobster and abalone). Recreational line fishing, spearfishing and trapping is permitted in these zones.

Only recreational line fishing from the shore is allowed in the Handkerchief Beach Habitat Protection Zone, no other recreational or commercial harvest methods are permitted.

Domestic animals are not permitted on beaches and rock platforms adjacent to National Parks.

Vehicles are only permitted in the marine park for the purpose of launching and retrieving vessels from designated boat launching facilities or beaches, subject to local government or NPWS requirements.

Commercial set lining is restricted to a maximum of 6 hooks and 10 lines.

All vessels may enter sanctuary zones, but fishing gear must be stowed. Moored or anchored vessels in sanctuary zones must have all fishing lines unrigged. Fish/fishing gear cannot be cleaned in sanctuary zones.

Contact the local fisheries offices for any questions regarding commercial fishing activities.

This map is not to be used for navigation
